POSITION: SENIOR WEB DEVELOPER

Job Summary

Location: City of Chicago
Starts: March 2008
Duration: March – April 2008
Status: Part Time to Fulltime

Integrated marketing firm seeks experienced senior web developer with strong e-commerce skills to develop online storefront and shopping cart. The ideal candidate will have a portfolio and experience which reflects an ability to handle all aspects of advanced e-commerce site development, design integration and maintenance involving one or more of the following modular shopping cart systems:

Preferred Shopping Cart Experience

- *AspDotNet Storefront (http://www.aspdotnetstorefront.com/)
- Network Solutions/Monster Commerce (http://ecommerce.networksolutions.com/)
- Miva Merchant (http://www.mivamerchant.com/)
- Storefront by LaGarde (http://www.storefront.net/)
- Volusion (http://www.volusion.com/)
- ZNode (http://www.znode.com)

Most important

Job Functions: Programming

- Determines most appropriate programming and technology solution for project
- Manages all phases of programming process which includes:
  - Creating site maps and wire frame mock-ups
  - Programming site using HTML, XML, JavaScript, ActionScript, CSS and other scripting languages
  - Developing ActionScript for Flash interaction
  - Coordinating system integration with outside software providers
  - Running site tests and analysis
  - Handling updates and advising on upgrade/expansion strategies

Position is on-site and it is preferred that candidate bring their own computer and relevant software for use during initial project. Agency is interested in transitioning position to fulltime Site Manager based on performance and outcome of initial work completed.
